

European Economy: The Eurocrisis

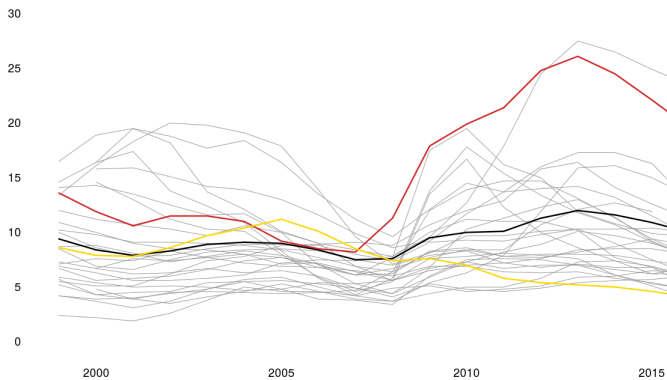

School of Economics, University College Dublin

Spring 2017

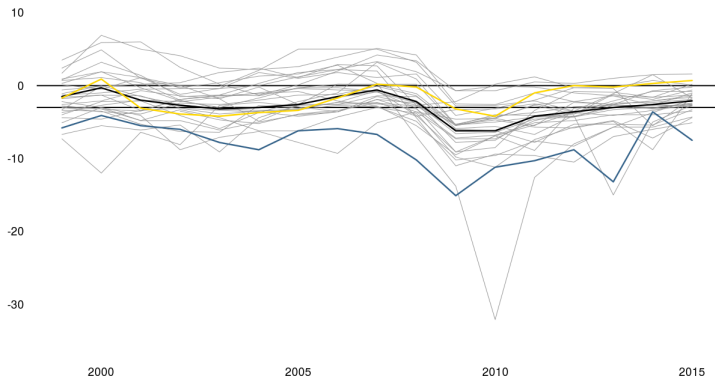

GDP growth

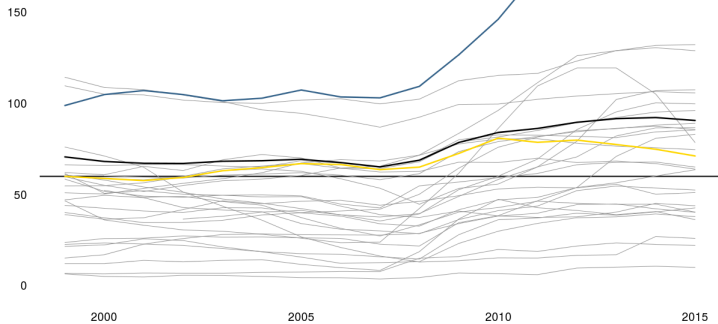

Unemployment rate

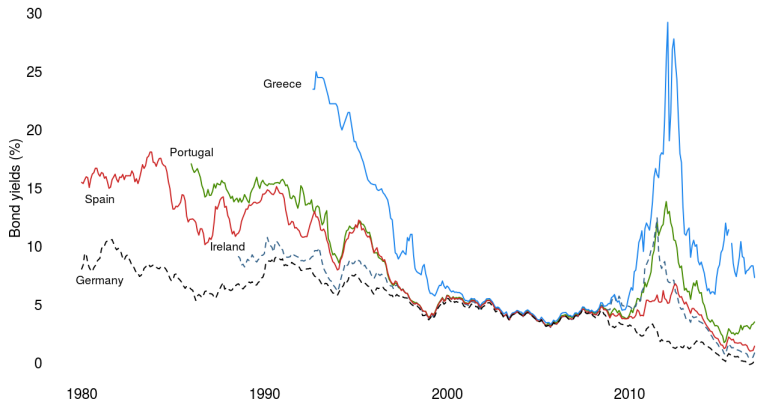

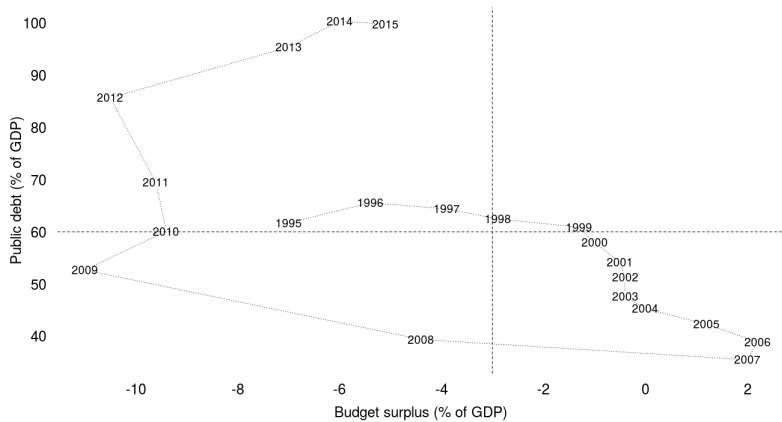

Budget surplus (% of GDP)

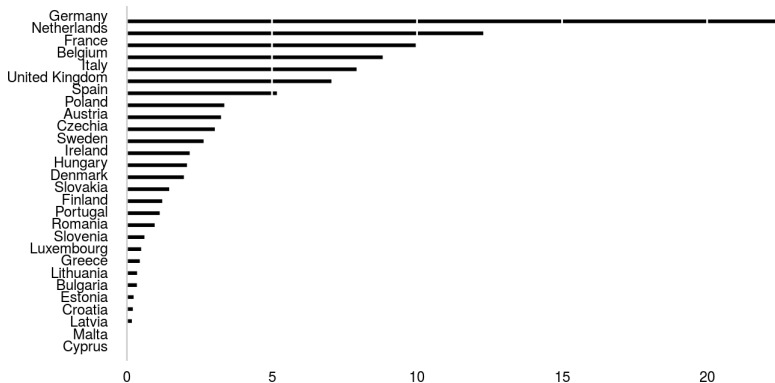

Government debt (% of GDP)

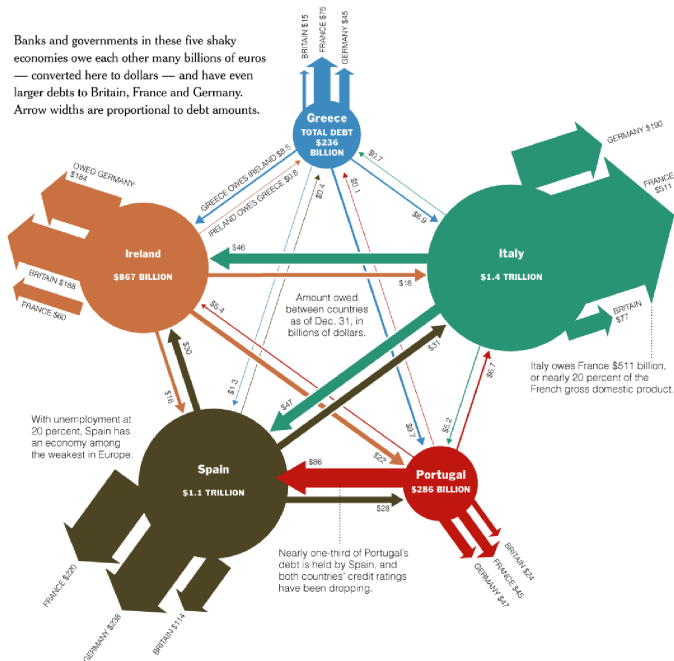

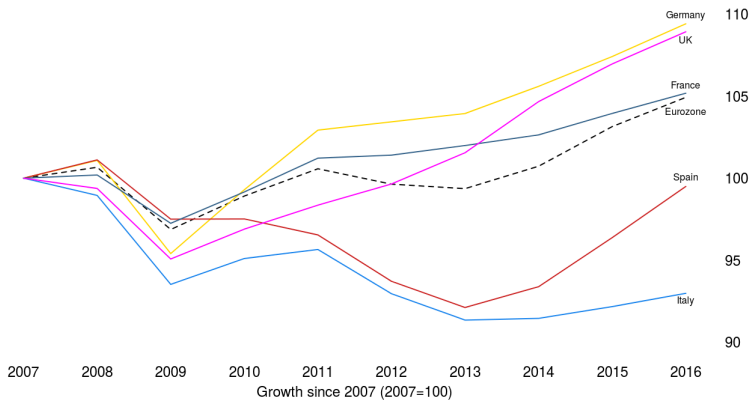

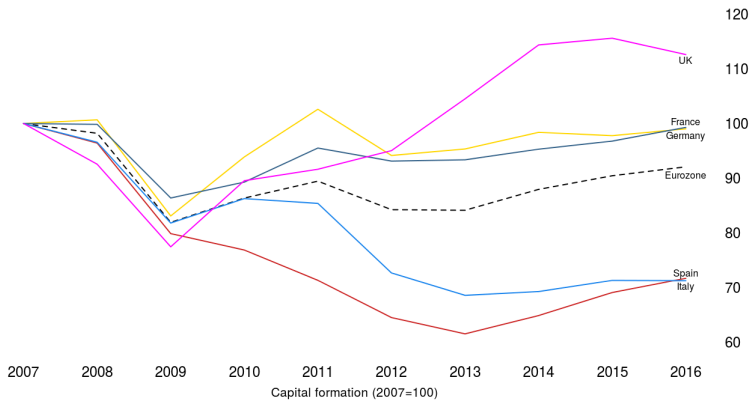

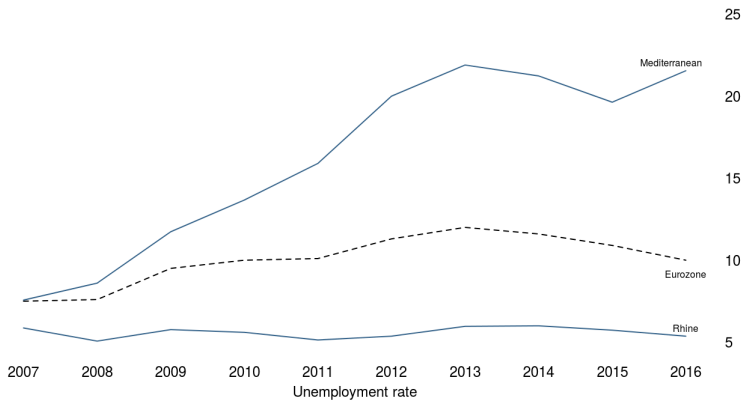

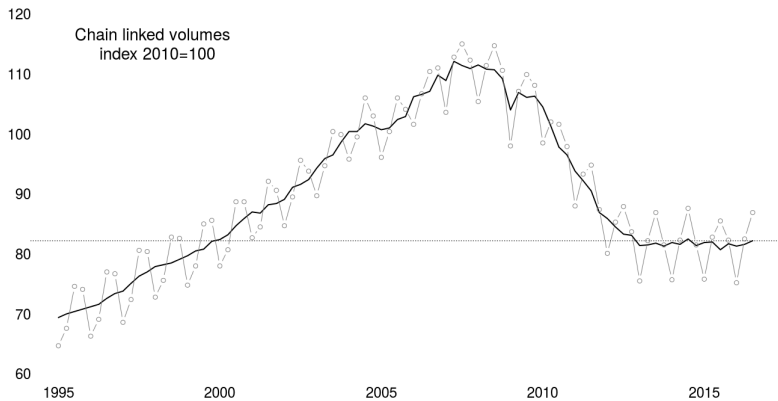

Banks and governments in these five shaky economies owe each other many billions of euros — converted here to dollars — and have even larger debts to Britain, France and Germany. Arrow widths are proportional to debt amounts.

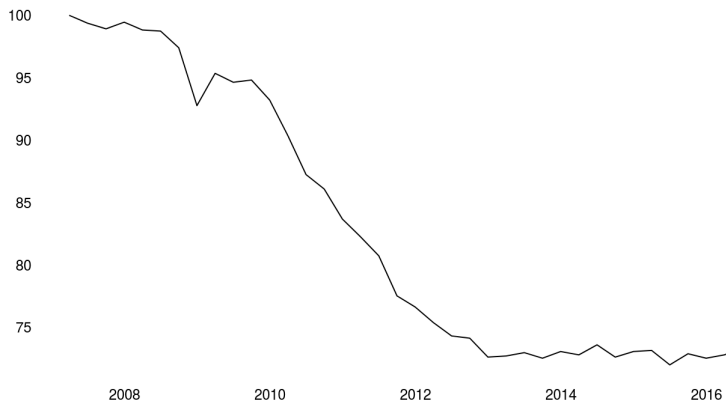

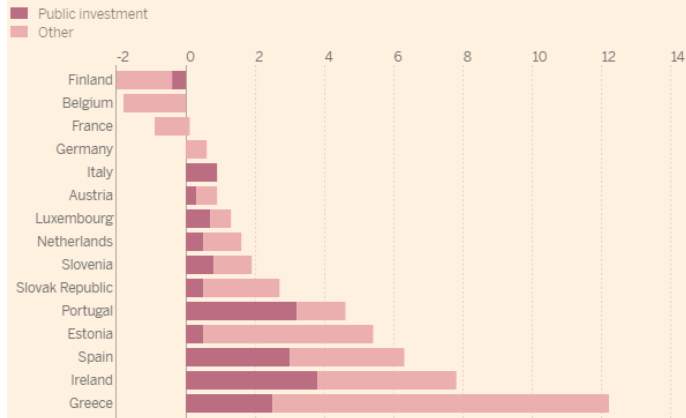

Greece has undergone the harshest austerity

Expenditure cuts - change in primary balance

% points of potential GDP
